

NEVADA *Seismological
Laboratory*

The logo for the Nevada Seismological Laboratory features the word "NEVADA" in a bold, white, sans-serif font with a black outline. The letters are set against a background that is a stylized map of Nevada, colored in a gradient from yellow at the top to purple at the bottom. Below the map, a black seismic waveform is depicted, showing various peaks and troughs. To the right of the waveform, there is a black graphic consisting of a series of vertical bars of varying heights, resembling a barcode or a data visualization.
